Women's Help Center

Changing Lives, One Heartbeat at a Time

2023 Annual Report

"Looking at my babies now...it's hard to imagine that I thought they would be a burden. They are the joy of my life!"

~Chloe

A Note From The Executive Director

Dear Friends,

Nothing brings me greater joy than seeing the expression of love on a mother's face when she shares that her baby, whom she once viewed as a mistake and perhaps even feared, is the light of her life. Courage isn't the absence of fear; it's powering through despite it. Every year, we help thousands of women find the courage they did not think they had to reject abortion and choose life.

The gifts of hope and tangible help we offer these women bring forth miracles every day at Women's Help Center. I thank each of you who have partnered with us to make these miracles possible. You save lives and ensure that women find the support they need to experience the joy of motherhood.

As each woman is unique, so is her story and her reason for seeking abortion. Many of the women who walk through our doors have already decided to terminate their pregnancy. We recognize the inherent value of each woman and help them understand they are not alone in their journey. A woman cannot realize that God created her preborn child unless she recognizes that she is also a child of God. This realization opens the door to self-love and love for her baby. This is where Women's Help Center shines.

Thanks to you, last year Women's Help Center helped over 1,800 women choose life for their preborn babies through parenting or adoption. These women came to us seeking abortion and instead chose life!

Our work did not end there. Continued education and assistance are crucial to helping moms and families prosper. To that end, last year, you helped ensure that more than 900 families throughout Northeast Florida received essential supplies like diapers, formula, clothes, and other necessities. Our services are always provided at no charge.

We are humbled to be here for women during the darkest moments of their lives when they feel trapped to the point where they believe their only way out is abortion. We walk beside them and hold them up should they stumble. Dignity of life for both mother and baby is the outcome.

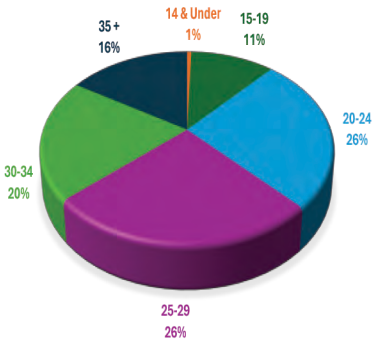

We could not continue this work without your ongoing support and prayers. Thank you for partnering with us to save mothers and their precious preborn children from abortion.

In Christ,
Nancy
